Debt Obligations for City of Richardson

The total amount of outstanding municipal debt obligations secured by property taxes is \$353,684,109 (including principal and scheduled interest payments). Of the total amount of outstanding debt obligations, \$70,671,854 is considered self-supporting. Self-supporting debt is paid through utility charges. In the event utility charges are insufficient to pay future debt service requirements, the City will be required to assess additional property taxes to pay for these debt obligations. Additionally, the City has outstanding debt obligations of \$2,579,793 (\$1,798 considered self-supporting) which are paid with property taxes or utility charges. These obligations are not secured by property taxes, and payments must be appropriated each year as part of the budget.

Debt service requirements for FY 2014, including principal and interest, are \$28,285,845 for obligations paid by property taxes and \$6,740,798 for obligations paid by utility charges. Additional detail for the City's debt obligations, including future year's payment requirements, is included later in the budget document.

(1) Amounts include expenditures and encumbrances through June 30th. Final expenditures depend on the timing of purchases or completion of work by contractors.

(2) Details of proposed debt issues and projects to be funded are included in additional budget documents. Updates on the progress of capital projects are provided quarterly to the City Council. Amounts shown are estimates and final expenditures depend on the timing of purchases or completion of work done by contractors.

(3) Non-capital expenditures are for items which do not qualify as capital expenditures as defined by standard accounting practices. Current accounting practices only capitalize expenditures which are \$5,000 or greater and extend the life of an asset or increase its value. Expenditures that repair existing assets without extending their useful lives are classified as non-capital expenditures.

(1) The Rate Stabilization fund was established in FY 1996-97 as a source of funds which can be used to address fluctuations in operating fund revenues caused by adverse weather conditions or increases in the City's cost of wholesale water. The use of the fund gives the City the ability to phase in any needed water or sewer rate increase.

(1) Amounts include expenditures and encumbrances through June 30th. Final expenditures depend on the timing of purchases or completion of work by contractors.

(2) Details of proposed debt issues and projects to be funded are included in additional budget documents. Updates on the progress of capital projects are provided quarterly to the City Council. Amounts shown are estimates and final expenditures depend on the timing of purchases or completion of work done by contractors.

(3) Non-capital expenditures are for items which do not qualify as capital expenditures as defined by standard accounting practices. Current accounting practices only capitalize expenditures which are \$5,000 or greater and extend the life of an asset or increase its value. Expenditures that repair existing assets without extending their useful lives are classified as non-capital expenditures.

DEBT SERVICE

The following information is provided as part of the budget in accordance with Article 11.02(d) of the City's Charter. The Charter stipulates that the City of Richardson shall have the right and power to borrow money for permanent public improvements or any other legitimate municipal purpose as may be determined by the City Council. The City may issue bonds to bear interest payable semiannually at such places as may be designated, provided that the total bonded indebtedness shall never exceed the sum equal to 15% of the assessed taxable property according to the tax roll as of January 1 for the preceding year.

The City of Richardson issues voter approved tax supported bond debt for a term generally not exceeding twenty years. General Obligation bonds (G.O.'s) are issued for the purpose of financing major capital improvement projects like streets, parks and municipal facilities. Projects with a life expectancy of less than twenty years are financed through the use of Certificates of Obligations (C.O.'s). These certificates are issued for major rehabilitation projects, capital equipment, and other improvements. General obligation bonds are payable with proceeds from the ad valorem property tax levied on all taxable property within the corporate city limits of Richardson. Proceeds from the property tax also repay the C.O.'s used for purchases in the General Fund while charges for service in the Water & Sewer Fund, Golf Fund, and the Solid Waste Fund handle their debt requirement. For FY 2013-2014 the proposed combined property tax for Richardson is \$0.63516 per \$100 of valuation with \$0.26985 used to pay principal and interest on outstanding debt.

The Water and Sewer Fund, Golf Fund, and Solid Waste Fund do not levy ad valorem taxes. These funds utilize the Certificates of Obligation debt instrument, tailoring the maturity of the debt to meet the life expectancy of the projects and equipment being financed. Principal and interest on both types of bonds are paid using revenues generated from fees charged for service.

The legal debt margin as defined by City Charter is 15% of the certified tax roll less outstanding debt. For FY 2013-2014 the computation is:

Certified Value	<u>\$10,505,682,344</u>
Debt Limit = 15% of Taxable Value	\$ 1,575,852,351
Less Outstanding Debt Applicable to Debt Limit	<u>\$ 214,000,447</u>
Legal Debt Margin	\$ 1,361,851,904

Capital Improvement Plan

City of Richardson, Texas

Multi-Year Capital Projects Consideration Listing

2013-2014 Report

*Prepared and Reported in compliance with
City of Richardson Home Rule Charter, Section 11.02(f)*

This report is responsive to the requirement of a listing of “capital projects which should be considered” within the next five years.

The City Council’s periodic consideration of General Obligation (G.O.) Capital Improvement Programs is the most responsive exercise to this requirement. The multi-month review process included a review of over \$200 million of the city’s capital project database. *A multi-year funding outlook noted that no adequate alternative funding for general capital projects was foreseen except for the consideration of a voter-authorized issuance of G.O. bond funding and adoption of a commensurate property tax increase for the net added debt service requirements.*

Using a deliberate review sequence, the City Council initiated a series of work session briefings between November 2009 and February 2010. Reviewed topics included:

- The impact of local, regional, and national economic conditions
- The impact of the current favorable cost of construction
- The bond market and the prevailing interest rate market for municipal debt
- Debt capacity elements and considerations of a property tax rate change for debt
 - It was determined that a \$66 million program would require a \$0.06 debt service tax rate addition in the 2010-2011 Budget
- The emerging capital project needs of the community through project group briefings on Streets, Alleys, Traffic and Drainage; Parks and Recreation; Buildings and Facilities; Neighborhood Vitality and Sidewalks
- The opportunity to “leverage” local resources with grants and funding from others to lower the net cost of capital projects

The May 8, 2010 General Obligation Bond referendum of \$66 million dollars was favorably passed in all four of the propositions presented to the voters:

- Proposition #1 – Streets Improvements at \$24.7 million
 - Passed with 64% support
- Proposition #2 – Parks & Recreation at \$22.6 million
 - Passed with 57% support
- Proposition #3 – Building Facilities at \$10.5 million
 - Passed with 56% support
- Proposition #4 – Neighborhood Vitality at \$8.2 million
 - Passed with 58% support

A June 2010 City Council work session ratified an implementation program for the \$66 million G.O. program that will extend for the next three to four years. **Attached is the program schedule to implement the funded projects.**

The City will continue to maintain the database of candidate projects. These include ongoing citizen requests, City Council and Advisory Board input, professional assessment and consulting recommendations, staff input from field reviews, etc.

Funding consideration of projects from non-local sources such as grants and other agency (Counties/State) sponsorship can also impact project priorities, funding strategies and implementation phasing. The City is active in grant solicitations to other agencies. Grant award announcements are beyond the control of the City and will alter the capital plan as funding is announced. Also, many capital improvements and benefits to Richardson infrastructure are funded and/or administered by external agencies.

General Debt Service planning envisions the continuation of about \$2.9 million of short-term Certificates of Obligation each year for the next five years for the renewal and additions of capital equipment and fleet replacements. Additional C.O.'s may be issued for periodic fire apparatus replacements and other capital considerations.

Other Non-General Funding Outlooks include:

Utility Fund – The continued issuance of \$3 million to \$5 million in Certificate of Obligation in alternating years is planned for ongoing water distribution (tanks, pumps and pipelines) capital maintenance and upgrades, as well as sewer collection system capital maintenance and upgrades.

Solid Waste Fund - The continued issuance of about \$1 million to \$1.5 million in annual Certificate of Obligation is planned for ongoing solid waste vehicle replacements and container and compactor replacements.
